103 Laurel Oaks Dr · Durham NC 27713 · (919) 258-1795 · albanybwoy17@gmail.com

Summary Objective:

17 years of construction using Front End Loader, Bobcat, Lowell, Scissor Lifter, Miniex and Trackho. Ground excavator and tying rebar, steel erector. I have 4 years of experience in heat and air and 5 years of cable installation. In addition to that I also have 5 years of management experience leading teams up to 11. My goal is to obtain a position what will allow me to use my skills and continue to grow in a professional atmosphere with longitude.

- Great time management experience
- Strong leadership skills
- A multitude of experience in a variety of areas

Work Experience:

Hodges Equipment; Creedmoor, NC

Concrete Finisher 03/2013-Current

Check the forms that hold the concrete to see that they are properly constructed. Set the forms that hold concrete to the desired pitch and depth, and align them. Spread, level, and smooth concrete, using rake, shovel, hand or power trowel, hand or power screed, and float. Mold expansion joints and edges, using edging tools, jointers, and straightedge. Monitor how the wind, heat, or cold affect the curing of the concrete throughout the entire process. Signal truck driver to position truck to facilitate pouring concrete, and move chute to direct concrete on forms.

O'Conner Company; Aberdeen, NC

Foreman 07/2007-03/2013

Managed up to 11 workers at construction site. Maintained inventory and ensures the safety of the construction site. Ensured workers were carrying on work as per schedule and checked on the work schedule. Allotting responsibilities to workers based on their skills and giving clear orders. Confirmed that safety precautions are implemented during construction. Hiring and firing of workers. Ensuring quality of work in addition to ensuring schedule. Ensured that rules of the employer are followed. Trained new workers in different construction works and safety measures. Ensured the safety of tools and equipment used in construction and made sure that they are safely put away after work.

Time Warner Cable (Carolina Cable); Southern Pines, NC

Cable Installer 07/2002- 07/2007

Installed new cables, operated borers and trenchers to create openings in which to bury the lines. Hung the cables from towers and poles. Located and repair issues after storms or property damages. Installed and trouble-shoot equipment located in customer's homes, offices and buildings. Inspected internal phone jacks, wiring and made adjustments to the equipment to enhance reception and replaced equipment that is outdated or malfunctioning. Tested the equipment demonstrated to customers on how to use it.

Air Specialist, Southern Pines, NC

Installer 08/1999-07/2002

Installed condensing units and wired the units into the home. Hung duct work and completing wiring task. Salter the lines. Hung air handler inside.
