

AUGUST 5, 2018

ATTN: H.R. DEPT.

I would like to become part of The Steel Network team and offer my video production, and motion graphics, expertise in your Video Editor/Motion Graphics Artist position.

There are three things I care about: helping people, shedding light on people's stories, and using technology to connect people throughout the world.

I have been part of projects that allowed me to accomplish this. I produced the videos for [#StandUp2OA](#), a campaign that focuses on preventing the onset and progression of osteoarthritis. I was also fortunate to be part of the motion graphics team that produced the [Dorothy Vaughan animation](#) for the Morehead Planetarium's "Hidden Stories" animated series, which won first place in the [MSUSND 2018 College Design Contest](#).

Through broadcast pieces, I've had the opportunity to bring attention to relevant issues, such as the [opioid crisis](#), the phenomenon of [missing generation households](#), [art events sponsored by UNC](#), and movements that highlight [the importance of women in society](#).

Last December, I had the amazing opportunity to work alongside Adobe for their World Wide Sales Conference in Las Vegas. With faculty supervisors and 5 other students, we covered the 3-day event and created the videos used in Adobe's internal communications. The experience was as demanding as it was rewarding. In a way, it allowed to give something back to the company who created the amazing software I've used for the past 10 years.

I enjoy coupling communication tools at our disposal with organizations and causes worthy of attention. The Video Editor/Motion Graphics Artist position would help me hone my skills in this regard. If I were a member of The Steel Network team, my attention to details, encouraging disposition, and ability to perform well under pressure would guarantee success in every single project.

I welcome the opportunity to meet with you and discuss this Video Editor/Motion Graphics Artist position in further detail. I have attached my resume and samples of my work are available on request. Thank you for your time and consideration.

BEST,

Carol Bono
